

30 Days of Nature/Planet Inspired Classical, Scottish, Celtic, Russian and Native American Music

I've selected 30 days of nature inspired music that I am going to use for my son's home education. I wanted to share this resource with the rest of the home school community or even the after school community! Selections include Classical, Celtic, Scottish, Soundtracks, Modern and Native American music.

I have created a music response sheet that your kids might want to fill out after listening.

The human brain is amazing! It has the power to compose amazing musical masterpieces, sing beautifully and master musical instruments.

Music that is practically in tune with the planets own rhythms, cycles and heartbeat. You can't help but appreciate our planet when you listen to these tunes! Listening to music causes our brain to release Dopamine. A natural chemical that makes us feel happy!

Vivaldi:Spring (4 Seasons)	Vivaldi:Summer (4 Seasons)	Vivaldi: Autumn (4 Seasons)	Vivaldi:Winter (4 Seasons)	John Luther Adams. In a Treeless place only snow
Grieg:Peace of the Woods (Piano)	Vaughan Williams: The Lark Descending	Ravel: A Boat on the Ocean (Andre Laplante on Piano)	Claude Debussy:Prelude to the Afternoon of a Faun (a rural god)	Tchaikovsky:La ke in the Moonlight (Swan Lake)

MUSIC RESPONSE SHEET *Try and listen to each piece of music at least twice.*

Title of Music:

Composer/Singer/Musician:

Date composed/released:

Music Genre:

(Classical, Pop, Folk, Country, Instrumental, Orchestra, Singing, Celtic, Scottish etc)

Instruments I heard:

Did you enjoy this piece of music? Why?

(you may have enjoyed part of the music and not other parts)

Did you not enjoy this piece of music? Why?

(It's OK not to enjoy a piece of music. Music preference is a large part of your identity and self-expression, therefore it's a personal choice)

What images/pictures did this piece of music inspire in your mind? (what did you think about while listening to the music?)

What feelings/emotions did you have during this piece of music?

(For example did you feel happy, joyful, sad, afraid, excited, like you wanted to dance, spin and leap?, confused, wonder, anger, hope, regret,

anxious, calm, peaceful, bored, nostalgic, feel like laughing? Music can help us express emotions that we might not be able to express with our words)
